BLOODY BREATHITT

Has Thirty-One Murder Cases on Its Docket For Next Court

Jackson, Ky., March 16.—The Breathitt Circuit Court has adjourned, after being in session the full four weeks' term. John and Henry Combs were each sentenced to the Penitentiary for twenty-one years for having killed their uncle, Tom Combs. Both have taken an appeal. There still remains on the docket indictments against thirty-one men and one woman, charging them with murder.

A trial of these cases alone would require longer than three months' continuous session of Court.

With such a congested condition of the docket it is not difficult to understand why crime is so prevalent in this county.

Mrs. Archibald Hopkins died Friday last at the home of her husband, a wealthy farmer residing near Ripley. She was ill when anonymous notices were posted on Mr. Hopkins's barn threatening dire results if he sold his tobacco to the Trust, and the threat frightened her so that she failed rapidly and the end soon came.

Mr. John Cobb, who lives in a suburban home near the intersection of the Hill City and Fleming pikes, wants it distinctly understood that he is not in the tobacco producing business, especially during the strenuous times of the present, as some people might infer, judging from appearance of things about his premises. What can easily be taken for a tobacco plant bed is none other than a lettuce patch, and he has simply covered it with tobacco cotton in order to protect it from unfavorable weather. So, please, don't shoot it up or salt it down.

FIRED BARN

Of Judge Lewis Apperson in Montgomery County—Fiends Continue Their Work

MT. STERLING, KY., March 16th.—Early this morning "Night Riders" attempted to burn the tobacco barn on the farm of Judge Lewis Apperson, near Sideview, four miles from this city.

Two bottles partly filled with coal oil were found near the building and the tracks of two men were near the barn. Bloodhounds have been sent to the scene.

of New York.

When cities build \$60,000 schoolhouses the structures should be fireproof. Why expend such a sum of money on a fire trap to be destroyed and to endanger the lives of hundreds of children?

More About Fire Trap School Buildings.

On this subject The Cincinnati Commercial Tribune says:

"On the day of the Collinwood tragedy the High School Building at Grand Rapids was burned, with the children escaping. Then followed the burning of Union School at Napoleon, O., before the children had assembled in the building. Last was the burning of the school building at Cold Spring, Ky., with the children escaping with only slight bruises. Escapes will not always be the result, with the burning of four school buildings within ten days showing the absolute necessity for the most perfect arrangement and the most complete safety appliances possible."

If buildings must burn, let it at least be said that the Committees erecting them endeavored to make them, first of all, safe enough to protect the lives of the teachers and scholars while they are crowded in the buildings.

However, the main thing with the average Board of Education seems to be to save a few hundred dollars on some cheap feature of the building, when everything should be sacrificed to safety and durability.

We are informed that the Fifth Ward District School Building has a furnace that is a

deadly menace to teachers and pupils every minute they are in the building. Will any one deny that the furnace is in the basement?

We are aware that it is unpleasant to have these disagreeable subjects flaunted at the Board of Education, but if they are true it is best to remedy them; if the charges are untrue then The Public Ledger stands charged and is proven guilty of shooting at an empty mark.

It appears that a couple of cocktails might somewhat stimulate the collapsing energies of the Fairbanks boom.

The fair EVELYN's greatest play is now on for the \$50,000 Thaw prize. She and her lawyers will no doubt get it, and when they do the New York tenderloin will be done to a turn.

THE New York Republican State Convention, which indorsed Governor HUGHES for the Presidency, adopted resolutions indorsing President ROOSEVELT's Administration and named him "The Pathfinder."

Roosevelt, the Pathfinder.

The resolutions in part follow:

"We have in our White House today a great man, a man who has blazed the way, a man who by his efforts and accomplishments has electrified the world and shed luster upon us. He has dug deep into the morass of things that have sapped at the vitality of the Nation. Let us call this man the Pathfinder."

THE WIDOW LOOKED MERRY.

The Man—Will you join me in the next waltz?
The Woman in Black—With pleasure. What is the next number?
The Man—Why, the "Merry Widow," and you look the part.

SCHOOL GIRLS

Most of our ambitious young American girls work too hard at school.

Many teachers have little or no judgment about pushing a child beyond her endurance. They ought to know that girls especially have a danger period. Often, too often, utter physical collapse is the result, and it takes years and years to recover lost vitality.

Many a young girl has been helped over this critical period, and been prepared for a healthy womanhood by LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Miss Elsie L. Hook, of Chelsea, Vt., writes to Mrs. Pinkham:

"I am only sixteen years old, but I want to tell you that Lydia E. Pinkham's Vegetable Compound and your advice cured me of sideache, periodic pains and sleeplessness, also of a nervous, irritable condition after everything else had failed, and I want to thank you for it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

NOT A PARTICLE OF SKIN ON BODY

Worst Case of Eczema Doctor Had Seen in 40 Years—For Six Months Father Expected His Baby to Die—Blood Oozed Out All Over Her Body—Had to Be Wrapped in Silk and Carried on a Pillow—Now She Is Perfectly Cured.

DOCTOR RECOMMENDED CUTICURA REMEDIES

"My little girl was born two weeks before her time and my wife died four hours after the birth of our child and I had to raise the baby on artificial foods. Six months after birth she broke out and I had two doctors in attendance. There was not a particle of skin left on her body, the blood oozed out just anywhere, and we had to wrap her in silk and carry her on a pillow for ten weeks. She was the most terrible sight I ever saw, and for six months I looked for her to go to her mama, but thank God and his agents, she is alive and well today and she will be three years old the seventh of December and has never had a sign of the dread trouble since. "I used every known remedy to alleviate her suffering, for it was terrible to witness. Dr. C. gave her up and then I went to C. F. and got Dr. B. and he and Cuticura Soap and Cuticura Ointment saved her. He recommended the Cuticura Remedies, or said we were right in making use of them. As nearly as I can remember, we used eight cakes of Cuticura Soap and three boxes of Cuticura Ointment; but you must take into consideration that here was an exceptional case, for an old and good doctor said that it was the worst case that had come to him in forty years. I have always hinged on Cuticura Soap to keep her skin soft and to give her a pure complexion. James J. Smith, Wood and Metal Pattern Maker, Box 234, Buena Vista, Va., Oct. 14 and 22, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children and Adults consists of Cuticura Soap (25c) to Cleanse the Skin, Cuticura Ointment (50c) to Heal the Skin, and Cuticura Resolvent (50c) to Purify the Blood. SAINT PATRICK
Beloved Spiritual Protector of Old Ireland

St. Patrick was a gentleman. And came of decent people. He built a Church in Dublin town, And on it put a steeple.

One thousand, four hundred and forty-two years ago, on March 17th, according to the most trustworthy accounts, the death and beatification of Saint Patrick took place. That is why, on the anniversary of that event, the shamrock is worn by every loyal Irishman. If he cannot obtain a genuine leaf from old Erin, he wears the best imitation he can find, and if he can get no shamrock, real or counterfeit, he wears a green necktie or a strip of green in his coat lapel.

"APOSTLE OF JOY."
The shamrock, the small white clover of Ireland, is associated with St. Patrick from the day on which he used the trefoil to illustrate the doctrine of the Trinity. It is interesting to know that the Arabic name for the trefoil is "shamrak," and that it is held sacred in Iran as emblematical of the Persian triads. Pliny comments on the fact that serpents are never found near the trefoil leaf.

The course of St. Patrick through Ireland, England, Scotland and Wales may be traced by the existence of places named after him. Legends abound without number, each adding to the love and veneration investing this Saint, who was in truth an apostle of good works and joy.

EXTRA SESSION

To Settle County Unit Question and Tobacco Trouble—Up to Governor Willson

FRANKFORT, KY., March 16th.—It is authoritatively announced tonight that Governor Willson will call a special session of the Legislature for some time in the summer, probably in July.

The principal object of the special session will be the enactment of legislation calculated to remedy the troubles in the State over the sale of tobacco.

It is believed to be probable that the Governor will include the County Unit Extension Bill in his call for the special session.

ENDS TODAY

**Session of Assembly
Will Be Prolonged
By Turning Back
Hand of Time.**

Frankfort is a seething, lobbying and legislating cauldron today and every known device in diplomacy and politics will be resorted to in order to further good, bad and indifferent measures.

The County Unit Bill, the Bi-partisan Board Bill, the McChord Tobacco Bill, the Good Roads Bill, the Revenue and Taxation Bill, the Redistricting Bill and the Capitol Appropriation Bill must be passed today or it will be necessary for Governor Willson to call an extra session of the Legislature to consider these measures.

The whisky lobby is in full force, as the tip is out that the County Unit Bill will be brought up today. The Good Roads and Capitol Appropriation measures are imperative.

The strongest crowd of tobacco lobbyists ever seen in Frankfort are now swarming around the old capital building.

The tobacco situation is alarming to every member of the General Assembly since lawlessness has broken out in the Burley district. Republicans close to Governor Willson say that he does not want to call an extra session, but the jam of business may force him to do

so. There is no prospect of an agreement on the tobacco bills that have passed the Senate and House, respectively. They are now in the hands of the conference committee.

SCHOOL LEAGUES

Splendid Work Now Being Done in Mason County

The Mason County School Improvement League held its annual convention in the Court-house Saturday afternoon. President William C. Coryell was Chairman of the meeting. A great many teachers and delegates were present from the county.

Prof. Hockenberry lead in singing "My Country 'Tis of Thee." All were delighted with the piano solo by Mrs. Lucien Norris of Fernleaf. It was her own composition and represents a high degree of musical attainment. Mrs. Norris was formerly Miss Cassidy of Flemingsburg.

Dr. Irene T. Myers, Dean of Kentucky University, delivered the address. Dr. Myers was introduced by Mrs. D. S. Clinger with a very charming and humorous speech.

Dr. Myers held the audience spellbound for one hour. She contrasted the history of general education in the North and South, and declared that since Kentucky is next to Texas, the richest State in the South, she is amply able to do what is needed in School Improvement.

Dr. Myers called attention to the fact that the Nation once looked to Kentucky for leaders, but not so now, because she has not trained her citizenship. Furthermore, she spoke of the remarkable work that the School Improvement Leagues have done in Virginia, Tennessee and North Carolina. Kentucky now has 39 County Leagues. Her address was masterly in diction, full of scholarship, high toned and practical. Dr. Myers is indeed the first lady educator in Kentucky.

The solo "School Days" sung by Prof. Hockenberry, accompanied by Miss Alene Glascock, was appropriate and took well.

The following reports were made—

Corinth—Membership, 20; fund, \$52; delegate, Miss Martha Jefferson.

Murphysville—Membership, 125; fund, \$75; delegate, Benjamin F. Kidwell.

Dover—Membership, 83; fund, \$85.75; delegate, Mrs. J. Larew Osborne.

Orangeburg—Membership, 60; fund, \$37.50; delegate, Mrs. R. P. Moody.

Mt. Gilead—Membership, 20; fund, \$41; delegate, W. T. Pollitt.

Hilltop—Membership, 33; fund, \$38; delegate, Mrs. Forman.

Minerva—Membership, \$30; fund, \$30.

The fund in all cases includes both amount expended for improvements and cash on hand.

Officers elected for the ensuing year—

President—William C. Coryell, Orangeburg.

Vice-President—Miss Eleanor Wallace, Maysville.

Secretary—Miss Della Goodwin, Springdale.

Additional members of the Executive Committee—W. P. King, Clarence Martin and Miss Jessie Yancey, Maysville, and Benjamin F. Kidwell, Murphysville.

The following resolutions were adopted: Be it resolved,

1. That we express our appreciation for the interest which the Women's Federated Clubs have taken in the Schools of Kentucky, and extend our thanks to the good women of the State who are giving their time, energy and talent to School Improvement.

2. That we consider Dr. Irene T. Myers one of the greatest educational workers in the State of Kentucky, give her a rising vote of thanks for her scholarly address and assure her that we will put in practice her many helpful suggestions.

3. That we express our appreciation of Superintendent Wells in his untiring efforts for the improvement of Mason county schools.

4. That we express our deep regard and appreciation for the earnest efforts put forth by Prof. William C. Coryell, our County President, and we thank him for his wise and efficient leadership. In his chosen work he ranks first among his fellow teachers.

5. That we, as fellow teachers and workers in a great and worthy cause, pledge ourselves to co-operate with the County Superintendent, C. D. Wells, in upbuilding and bettering the school conditions of our county.

D. V. FLORENCE,
R. P. MOODY,
EDITH DAVIS.

Dr. Myers was entertained at the hospitable home of Dr. and Mrs. Frazee on Market street. Other guests were Mrs. D. S. Clinger, Mrs. Sulser, Miss Gordon and Mr. Coryell.

M. F. Coughlin & Co. lost a valuable livery horse Sunday. The animal dropped dead from heart disease while standing in its stall in the stable and apparently in good health.

Wild ducks are said to be plentiful about the water courses in the county and on the river. Several were killed yesterday on the Wood farm near Washington, while it is stated Chief of Police Harry A. Ort accidentally shot one yesterday while gunning on the Ohio.

SPENT LAST EIGHT YEARS IN MISERY

Boston Banker Says His Life Has Been Hopeless for that Length of Time.

Carleton H. Hutchinson, a leading banker and broker of Boston, with offices at 8 Congress Street, in that city, has recently come out with a very strong statement.

In the widespread discussion over Cooper's new theory and medicines which has spread over the country so rapidly, Mr. Hutchinson has taken the side of those who say that Cooper's theory is correct and his medicine all that he claims.

Mr. Hutchinson's emphatic statement is as follows: "Anyone afflicted with chronic ill health and a general run-down condition caused by stomach trouble, who does not try this man Cooper's medicine, is very foolish. I say this after a most remarkable experience with the medicine."

"I heard of Cooper's success first when he was in Chicago, as I have a private wire to that city in connection with my business. Later, when he came East, I learned more of him and his theory that stomach trouble causes most ill health. I have had no faith in anything not prescribed by a physician for each particular case after careful diagnosis, but after eight years of constant suffering, during which

time I spent over \$1,500 with absolutely no relief, I felt that it would at least do no harm to try the medicine which I was hearing so much about.

"During these eight years I have been forced to go without solid food for five and six weeks at a time. I always had a sour stomach, was troubled with formation of gas, and led the usual miserable life of the dyspeptic. I was dull, tired, nervous and gloomy all the time, and was always constipated.

"I have taken Cooper's medicine a comparatively short time. For the past month I have not had the slightest sign of stomach trouble. I can eat anything with no bad effect whatsoever. I have a fine appetite, am gaining flesh very rapidly, am cheerful, full of energy, and my nervousness has disappeared. My bowels are in perfect condition for the first time in eight years.

"I don't hesitate to say that I would not take \$50,000 and be back where I was. My relief and thankfulness is beyond description."

We sell Cooper's famous preparation described in the above statement. T. J. Chenoweth.

The evolution of real maple syrup is an interesting thing. A Georgia farmer tapped 1,000 trees, got 28 barrels of sap, that was finally resolved into 25 gallons of syrup. This explains why genuine maple syrup is so scarce.

James Oliver, the late millionaire plow manufacturer of South Bend, aged 84, was born in Virginia. He founded the Oliver Plow Works on \$100 capital and built up the plant until it was the largest in the world. He also gave South Bend an Opera-house costing \$500,000; a hotel, erected at an expense of \$750,000, and made it possible for the city to erect a City Hall. He had long predicted that he would live to be 85 years of age and missed it only six months.

CONFIRMED PROOF.

Residents of Maysville Cannot Doubt
What Has Been Twice
Proved.

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Maysville who so testified years ago now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Maysville kidney sufferers.

Mrs. John T. Wallingford, 108 Commerce street, Maysville, Ky., says:

"Doan's Kidney Pills have been used in our family with most beneficial results, and it gives me pleasure to corroborate the testimonial given in their favor some years ago by Mr. Wallingford. As stated then, he suffered a great deal from backache, failing to obtain relief from any of the remedies which he used. Hearing Doan's Kidney Pills highly spoken of, he obtained a box from J. Jas. Wood & Son's Drugstore, and had only taken them a short time when a complete cure was effected. The fact that he has remained free from any recurrence of the trouble is sufficient evidence of the sterling value of this remedy. I have also used Doan's Kidney Pills and they have always afforded me the same relief as they did my husband."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
